1. Introduction

1.1 Scope

- 1.1.1 Phoenix Learning and Care (the Proprietor) operate a small portfolio of education establishments (i.e., schools and colleges). The educational services are wholly owned by Phoenix Childcare Ltd or Phoenix Learning and Care Ltd and the respective Company is the responsible body for legal purposes under the Education Act 2002.
- 1.1.2 The Phoenix learning and Care Chief Executive acts as the Chair of Proprietors on behalf of the Board.
- 1.1.3 It is expected that Leaders and Employees will work together in a spirit of cooperation and collaboration for the good of the educational establishment and its Pupils within a framework that is transparent and open.
- 1.1.4 This policy covers all school settings within the Phoenix portfolio and the specific approaches of the regulators (Ofsted & Estyn). However, we recognise that there will be site specific differences/needs in regard to where a school is located and regulatory requirements or best practice within that area/country. These differences are acknowledged in consultation with the Head teacher and conditions of registration.

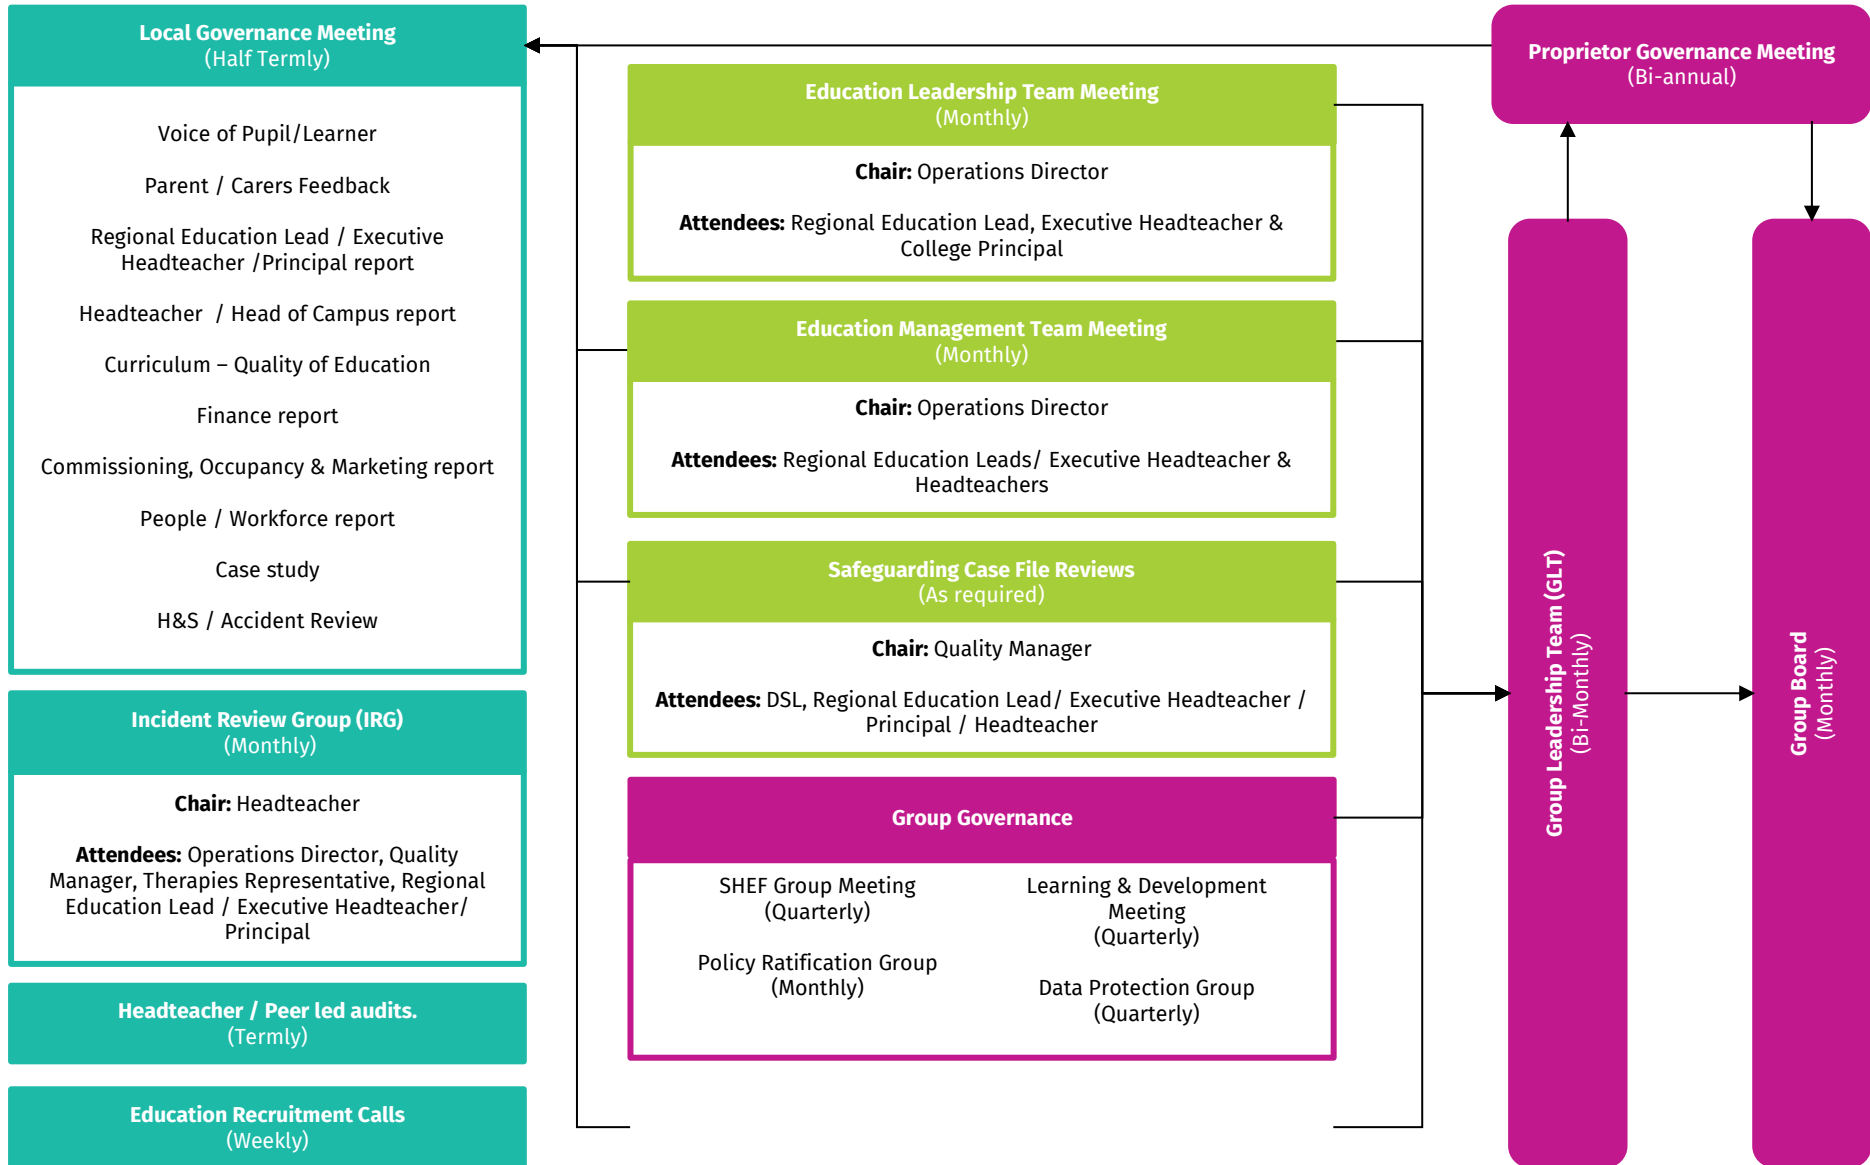

1.2 Governance & Oversight Structure

- 1.2.1 Our governance and oversight structure is similar to that of a Trust led by the Operations Director for Education (in lieu of Chair of Governors). Duties set out within the relevant regulator guidance and Independent School Standards (England/Wales) which sit within the senior management team are led by the Operations Director for Education.

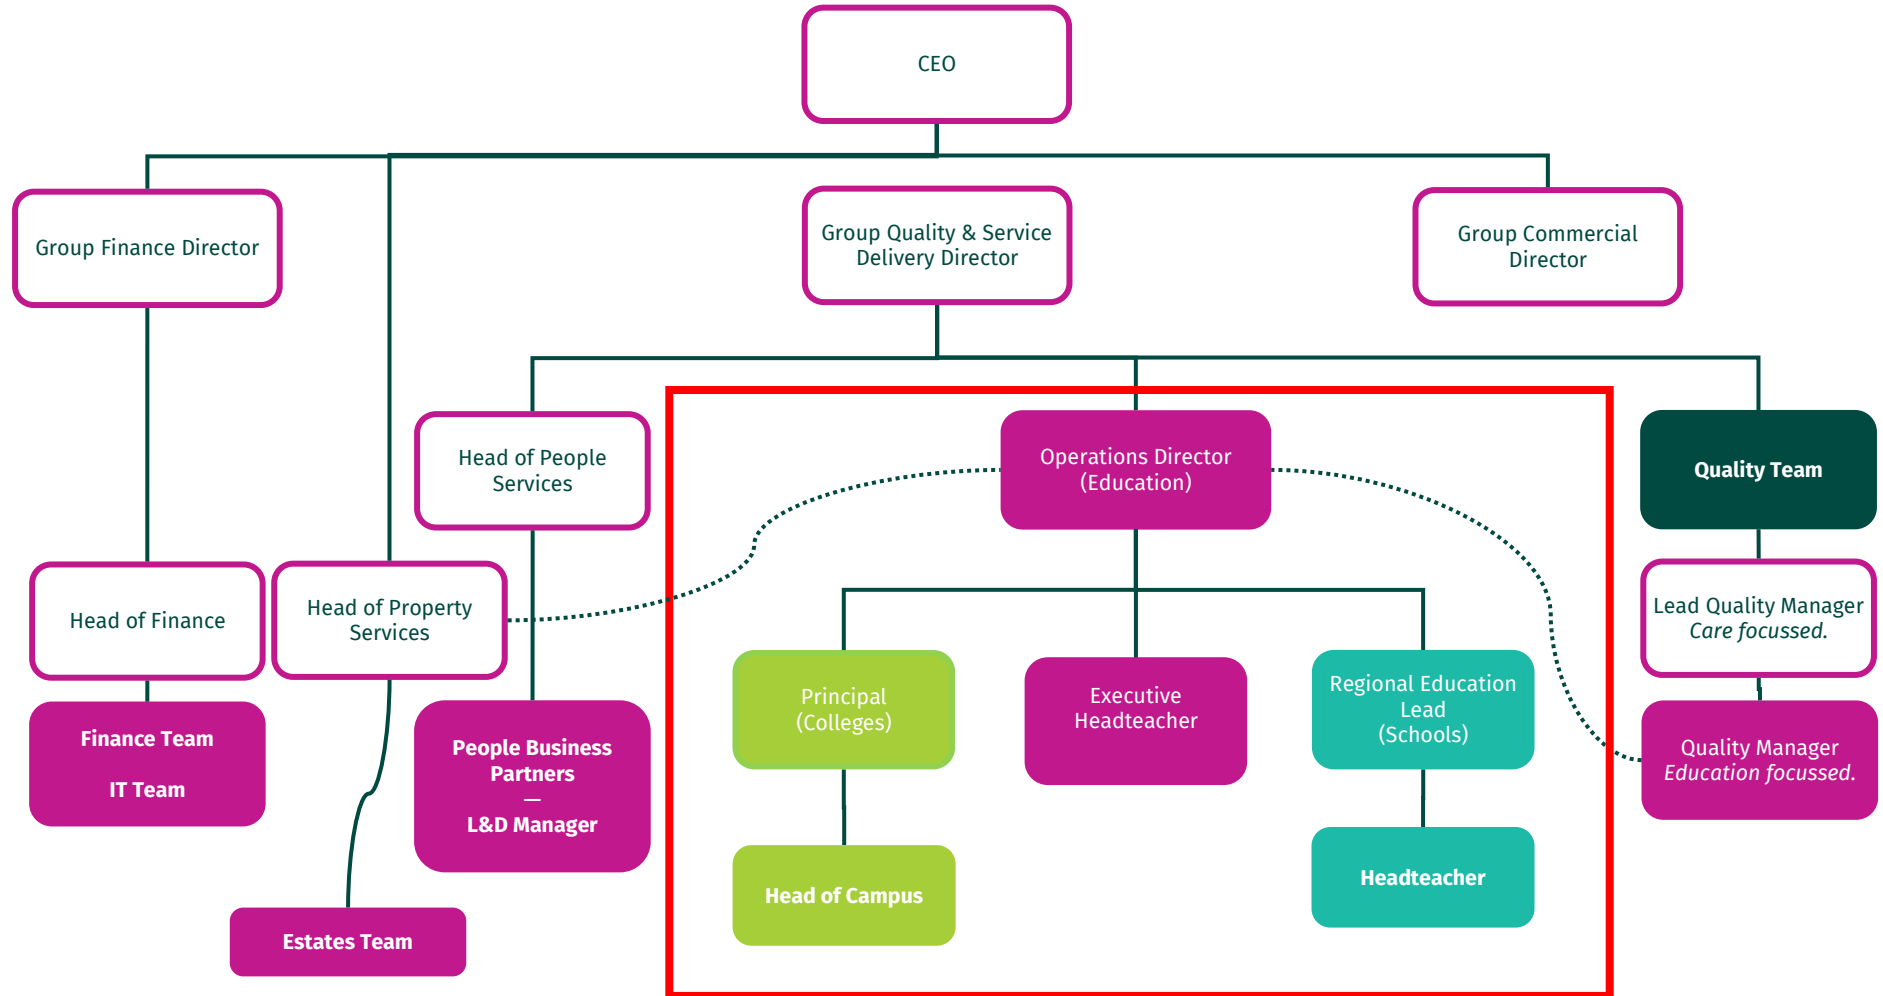

- 1.2.2 The diagram below sets out the Governing structure across our Education provisions.

As individual members of the Governance and Oversight Group we agree to the following:

1. Role & Responsibilities

- We understand the purpose of the governance and oversight group and the role of the Headteacher/Principal.
- We accept that we have no legal authority to act individually, except when the governance and oversight group has given us delegated authority to do so, and therefore we will only speak on behalf of the governing body when we have been specifically authorised to do so.
- We accept collective responsibility for all decisions made by the governance and oversight group or its delegated agents. This means that we will not speak against majority decisions outside the governance meeting.
- We have a duty to act fairly and without prejudice, and in so far as we have responsibility for Team Members, we will fulfil all that is expected of a good employer.
- We will encourage open governance and will act appropriately.
- We will consider carefully how our decisions may affect the community and other school/colleges.
- We will always be mindful of our responsibility to maintain and develop the ethos and reputation of our school/college. Our actions within the school/college and the local community will reflect this.
- In making or responding to criticism or complaints affecting the school/college we will follow the procedures established by the governing body.
- We will actively support and challenge the Headteacher/Principal.

2. Commitment

- We acknowledge that accepting office as a member of the governance and oversight group involves the commitment of significant amounts of time and energy.
- We will each involve ourselves actively in the work of the govern governance and oversight group, and accept our fair share of responsibilities, including service on committees, as lead governors or portfolio holders or on working groups, as appropriate.
- We will make every effort to attend all meetings and where we cannot attend explain in advance why we are unable to.
- We will get to know the school/college well and respond to opportunities to involve ourselves in school/college activities.
- We will visit the school/college, with all visits to school/college arranged in advance with the Team Members and undertaken within the framework established by the govern governance and oversight group and agreed with the Headteacher/Principal.

- We will provide reports on our work, as appropriate, to the clerk to disseminate to the governance and oversight group in a timely manner.
- We are prepared to answer queries from other governors in relation to delegated functions and take into account any concerns expressed, and we will acknowledge the time, effort and skills that have been committed to the delegated function by those involved.
- We will seek to develop effective working relationships with the Headteacher/principal, Team Members and parents, the local authority and other relevant agencies and the community.

4. Conflicts of interest

- We will record any pecuniary or other business interest (including those related to people we are connected with) that we have in connection with the governance and oversight group's business in the Register of Business Interests, and if any such conflicted matter arises in a meeting, we will offer to leave the meeting for the appropriate length of time. We accept that the Register of Business Interests will be published on the school/college's website.
- We will also declare any conflict of loyalty at the start of any meeting should the situation arise.

- We will act in the best interests of the school/college as a whole and not as a representative of any group, even if elected by that group to the governance and oversight group.

5. Confidentiality

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of Team Members or Pupils/Learners, both inside and outside school/college.
- We will exercise the greatest prudence at all times when discussions regarding school/college business arise outside a governance and oversight group meeting.
- We will not reveal the details of any governance and oversight group vote.

6. Breach of this code of conduct

- If we believe this code has been breached, we will raise this issue with the chair and the chair will investigate: the governance and oversight group will only use suspension/removal as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.
- Should it be the chair that we believe has breached this code, another member of the governance and oversight team will investigate.

7. The Seven Principles of Public Life

- (Originally published by the Nolan Committee: The Committee on Standards in Public Life was established by the then Prime Minister in October 1994, under the Chairmanship of Lord Nolan, to consider standards of conduct in various areas of public life, and to make recommendations).
- **Selflessness** - Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.
- **Integrity** - Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.
- **Objectivity** - In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.
- **Accountability** - Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.
- **Openness** - Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.
- **Honesty** - Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

- **Leadership** - Holders of public office should promote and support these principles by leadership and example.
